REPORT

Consolidated Website Project Report

Projects Covered

1. Glow Store: A beauty shopping website featuring product categories, promotional discounts, ratings, prices and shopping buttons.

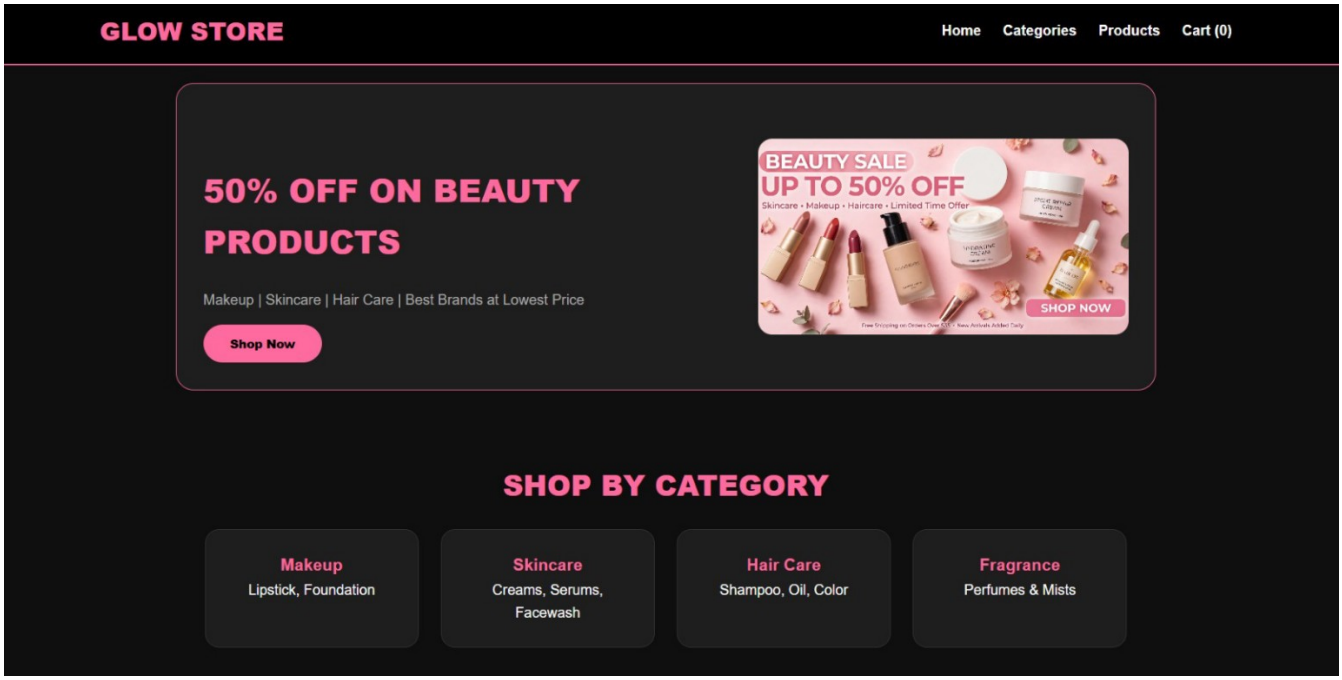

2. Viva Fitness: A fitness website presenting gym programs, trainers, workout options and membership benefits.

3. Nutri Life: A nutrition information website showcasing food categories, sample recipes, meal plans and healthy-eating tips.

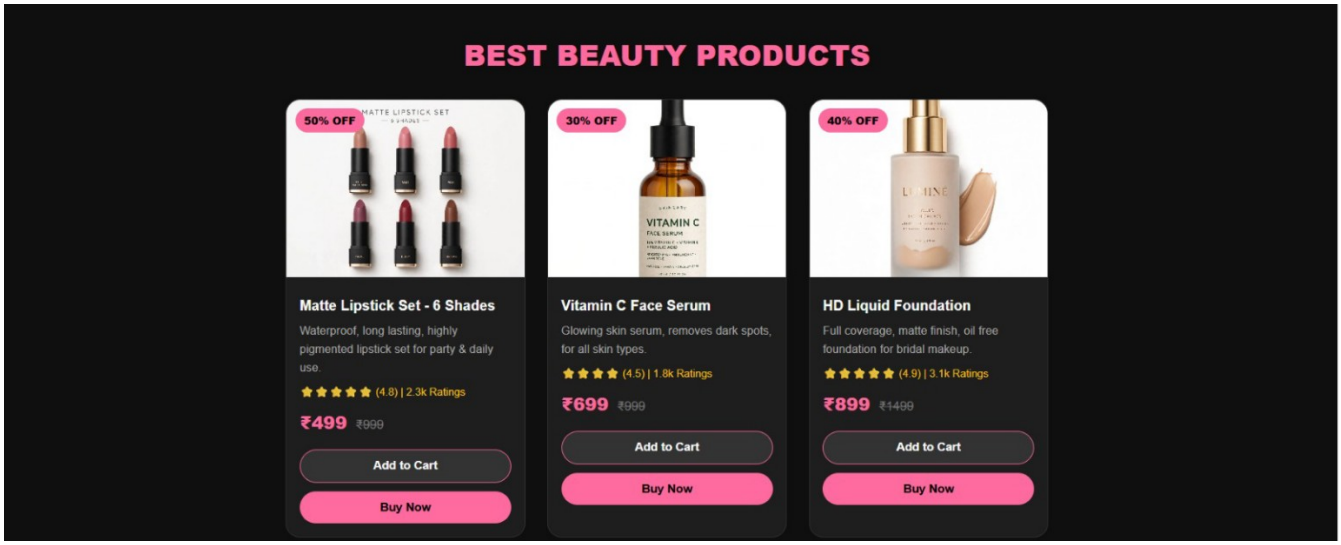

This report presents the provided website screenshots with short explanations of each main section.

Glow Store — Beauty Shopping Website

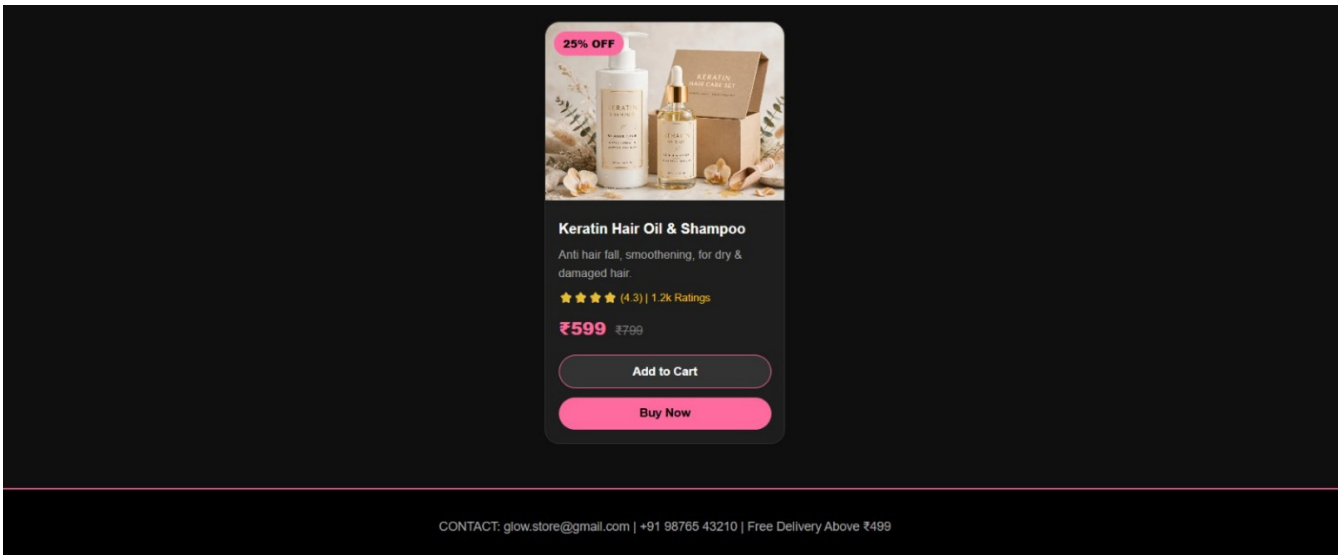

Website screenshots and brief explanation

Home page with beauty sale banner, navigation and shopping categories.

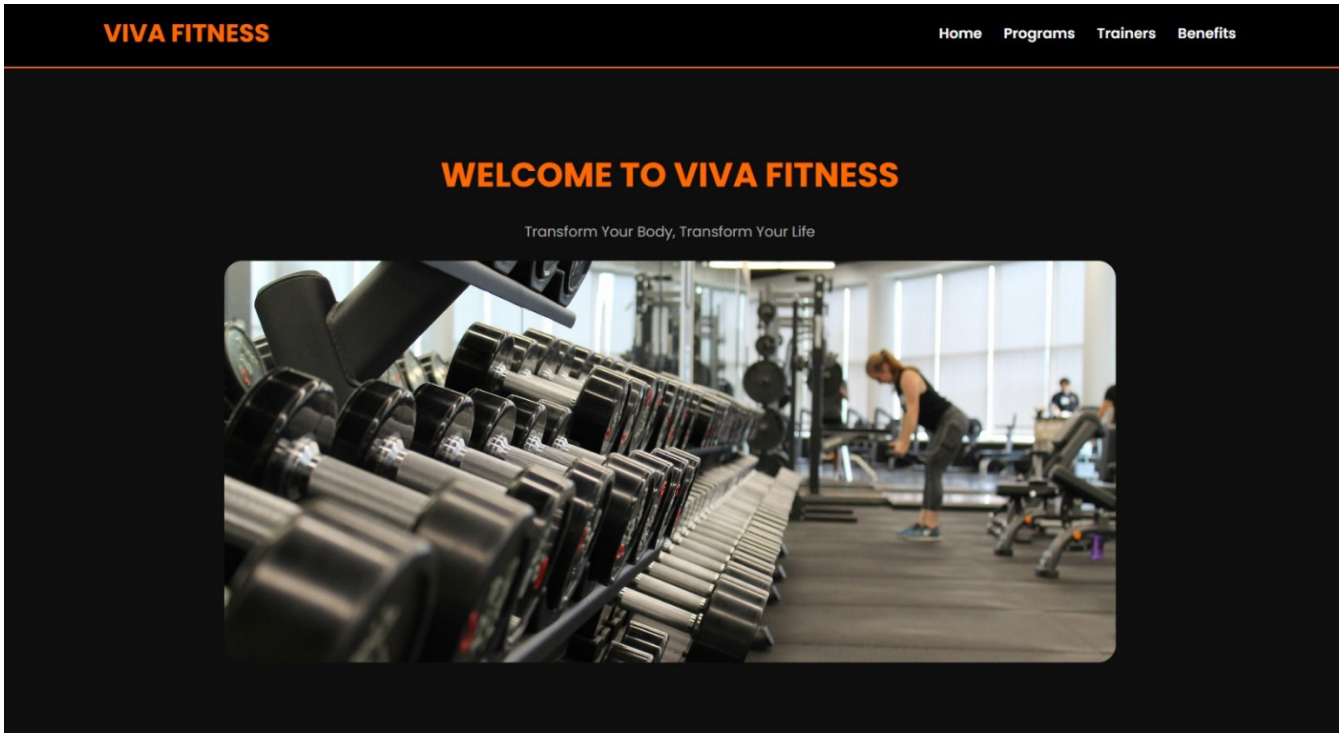

Featured makeup and skincare products with discounts, ratings and cart buttons.

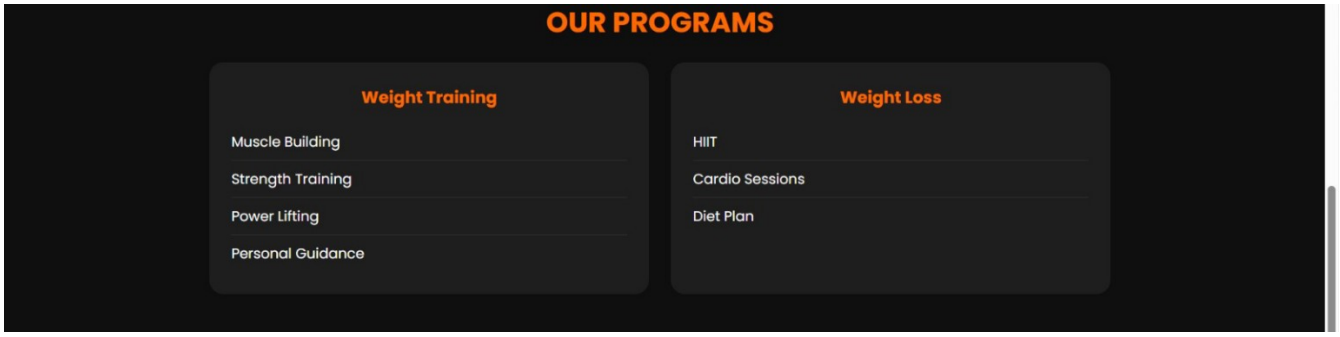

Hair-care product listing and store contact details.

Viva Fitness — Gym Website

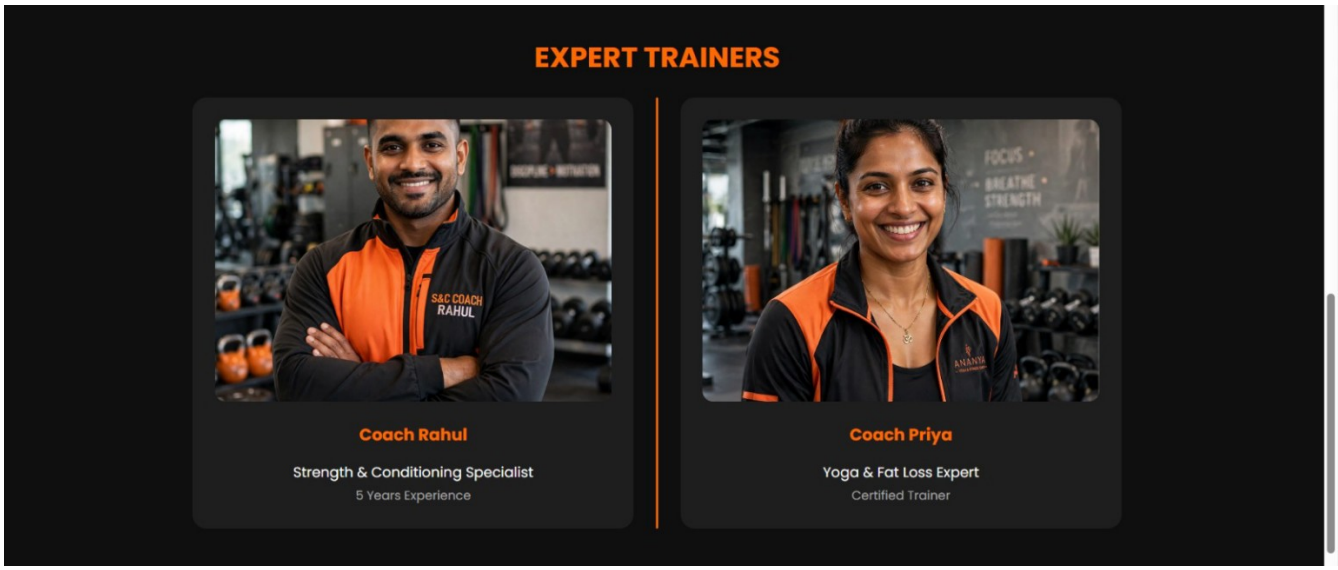

Website screenshots and brief explanation

Fitness homepage with a gym image and main navigation.

Training programs covering strength exercises, cardio and guidance.

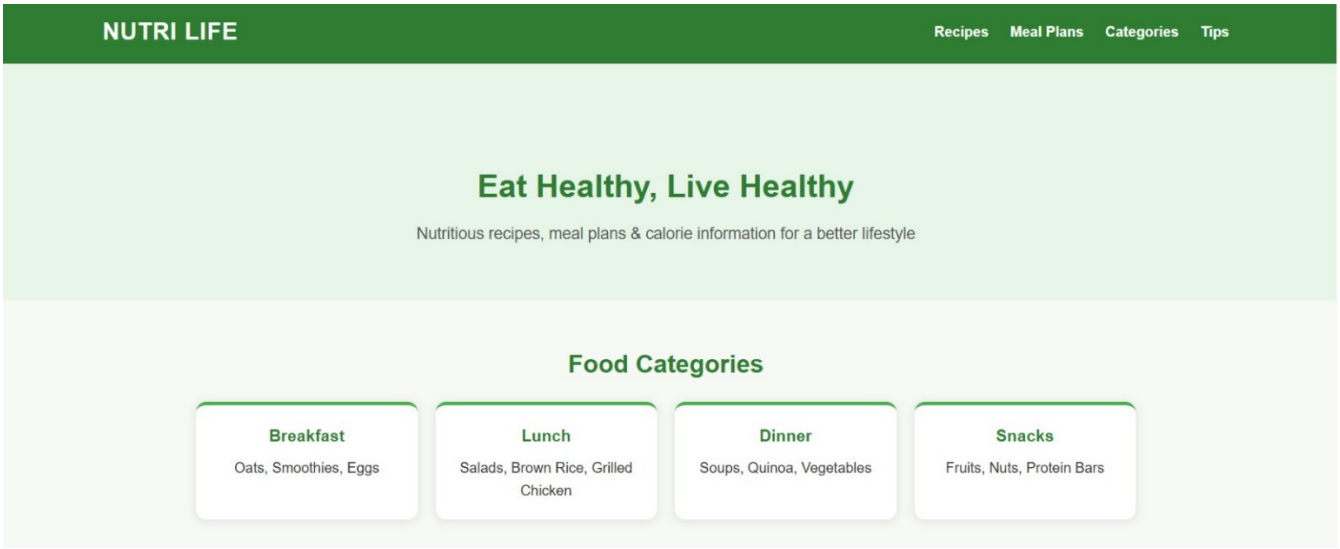

Trainer profiles with specialties and experience.

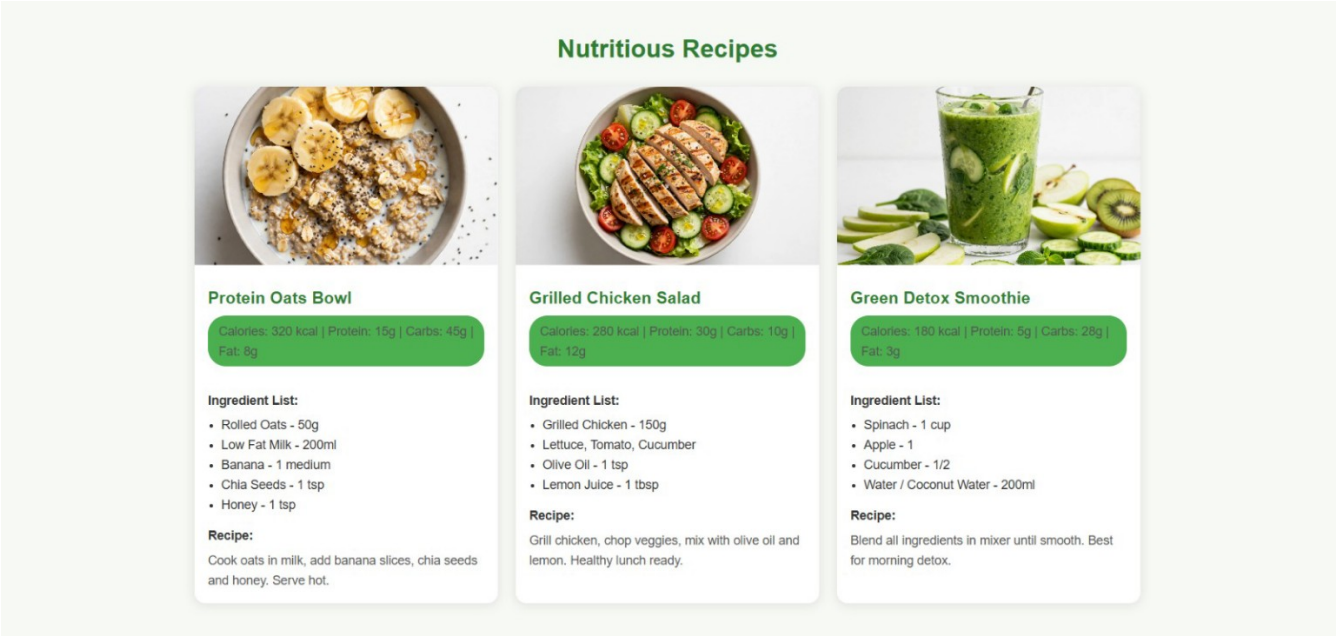

Gym facilities and listed physical and mental wellness benefits.

Nutri Life — Nutrition Website

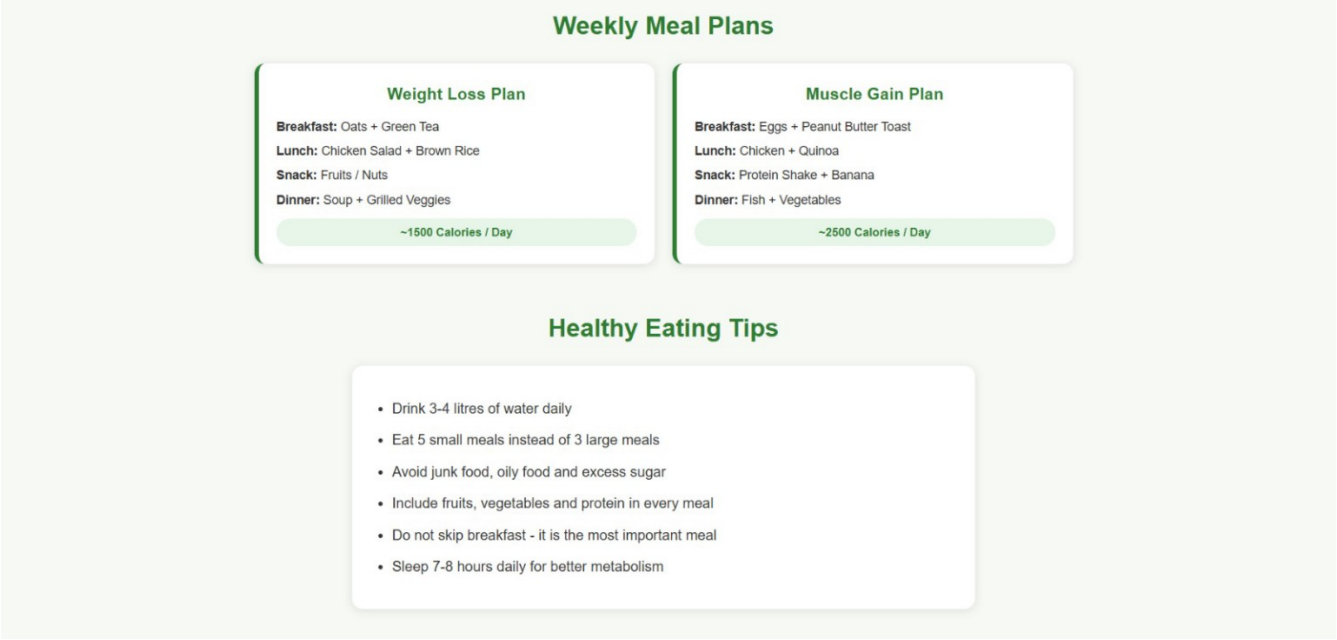

Website screenshots and brief explanation

Homepage introducing nutrition information and meal categories.

Recipe cards with ingredients and nutritional information.

Sample weekly meal plans and general healthy-eating tips.

Conclusion

These three website projects demonstrate the use of clear navigation, visual content, structured information and card-based layouts for different purposes: online shopping, fitness services and nutrition education.
